Mediterraneo ceramic slabs are ideal for uses where maximum hygiene is required, as well as resistance to stress and scratches. Porcelain stoneware is also unaffected by high temperatures, scratchproof, and completely wa-terproof, withstands UV rays and also weather-resistant. All this means maximum practicality and freedom, no limits to worry about or special care needed during daily use. Projecting knowing how to rely on the quality of time-free, functional and practical surfaces is a guarantee that supports any kind of creation.
